Prominent Glen Ellen Women Die

El Verano Man Struck By Motorist While Changing Tire

Request For Safety Signal At Railway Crossing Is Denied

JOHN BASILEU AND PARTY ARE HURT THURSDAY NIGHT

Barber and Friends Returning From Trip to Bodega Meet With Bad Accident Near Madrone.

John Basileu, well known barber, of El Verano, and a party of friends including George Chicazola, Harvey Perkins, Milton Peterson and Clarence Chance, all prominent young sportsmen of Sonoma Valley, returning from a fishing trip, met with a bad accident on the highway Thursday night when a speeding car struck Basileu and injured the others standing by a roadside near the old Steiger ranch.

The El Verano man had alighted and was removing a punctured tire from his car when H. Reynaud, formerly proprietor of a resort at Fetters Springs, approached at a high rate of speed. Alarmed, some of the party sought safety, but Basileu and Chance, who remained at the side of the road, were hurled a considerable distance when the Basileu car was struck by Reynaud's machine and turned completely around.

Basileu was picked up unconscious by a passing motorist and rushed to the State Home.

Clarence Chance, another victim of the collision, was found to be suffering from various cuts and bruises. He, too, was conveyed to Eldridge for medical attention. The extent of their injuries had not been determined up to yesterday, declared Dr. Covey, of the hospital at Eldridge, but both had regained consciousness.

Basileu, the most seriously injured has resided at El Verano for several years past and has a wife and three children. He is a noted fisherman and was returning home from a day's sport at Bodega when the accident occurred.

PALM SUNDAY TO BE OBSERVED HERE

Tomorrow Palm Sunday will be observed at St. Francis church by the blessing and distributing of palms at the 10:30 o'clock mass.

Good Friday closing will be observed this year, as formerly.

HIGH SCHOOL PLAYS WINS MUCH PRAISE

The plays given at the high school on Friday of last week elicted the praise of critics. "The Knave of Hearts," under the direction of Miss Bloom, and previously reviewed in these columns, again registered a success.

"Indian Summer," a play in one act, produced under the direction of Miss Bloom, was new to the audience and won much commendation. Charmian Byrne and Norman Heggie showed considerable talent in the leading roles of Adrienne and Briquerille.

The cast was as follows:
Adrienne, Charmian Byrne.
Briquerille, Norman Heggie.
Noel, Tony Souza.
Madame Liberton, Lucy Pfalsgraf

Asparagus Culture Latest For Sonoma

No, not the fine art of eating asparagus, but the science of growing it. That is the latest compliment to Sonoma's versatile soil. Fifteen acres of the succulent vegetable has been set out in the Hunt tract. Thirty-two thousand plants have been put in by Mr. Hunt, who plans to market his crop next year and meanwhile beautify Monte Vista Park with the feathery green field, a garden background for the new homes of that district. This is not the first time asparaguus growing has been tried in Sonoma Valley. It was quite a crop on the reclaimed marsh at the Jones ranch some years ago, but the salt grass killed it out. Sonoma City soil gives much promise. Mr. Hunt has also set out 18,000 strawberry plants. Sonoma strawberries are already famous.

GRAPE PRICES WILL REMAIN HIGH, BELIEF

Prospects for continued good prices for grapes during 1925 are excellent, 50 grape growers of the Santa Rosa section were told on Saturday of last week by speakers at a meeting in the Santa Rosa Chamber of Commerce assembly room, arranged under the auspices of the California Grape Exchange. The session was called to discuss present conditions affecting the wine grape situation, and to sign up members for the three year Exchange contracts, covering the seasons of 1926, 1927 and 1928. Twenty members signed contracts at the meeting.

Plans for a state wide survey of grape bearing acreage during the present spring and early summer to determine crop prospects, were outlined by Exchange speakers, and transportation problems and national and state legislation affecting the industry were discussed. E. M. Sheehan, president, and H. F. Stoll, secretary, of the Exchange, were among the speakers, as was F. Flossfeder, for many years viticultural expert at the University Farm at Davis.

M. Quartman, field agent of the Exchange at Oocidental, has been working in the Santa Rosa district for several weeks, canvassing vineyards for new members. When he completes his work in Sonoma county he will go to Mendocino county.

GRAND OPENING OF CONEY ISLAND APRIL 25

Coney Island, the big amusement park near Verano, with its fine dance hall and many other attractive features, will have its grand opening on April 25th. Harry Fine, who will manage the resort this season, plans to popularize the resort and make it second to none north of the bay.

Coney Island was built two or three years ago by Wolf Baron, the San Francisco tailor, who expended about $200,000 in developing the plac and then declared himself a bankrupt. The financial crash came before the park had even had a fair try-out.

It is reported that Louis Parente now has an option on the property.

Grim Reaper Calls Mrs. Sophie Weise and Mrs. William Ping Last Saturday

Death claimed two well known and beloved Glen Ellen women the past week when Mrs. Sophie A. Weise, wife of ex-Supervisor J. H. Weise, and Mrs. Hester Ping, wife of William Ping, of Glen Ellen, passed to the Great Beyond within a few hours of each other.

The death of Mrs. Weise was the culmination of an illness of several weeks duration which began when the beloved pioneer resident was stricken with apoplexy at her home and was later taken to the St. Helena sanitarium for treatment. She apparently rallied and was only recently brought home again to the house where she had spent her girlhood and was destined to pass away.

Surrounded with every care that a loving husband, sons and family could provide, she closed her eyes in eternal sleep Sunday morning at 2 o'clock.

Sophie Weise was the daughter of the late Joseph and Bridget Williams who settled on the ranch where their only daughter was later wed to Harry Weise, son of neighboring ranchers. The union was a very happy one, and of the marriage there were born three children, two of whom, Attorney Harold Weise of San Francisco, and Shirley Wiese, of Glen Ellen, survive and share with their father the sorrow of the passing of this noble wife and mother.

Continually for the 64 years of her life time excepting for a few years residence in Santa Rosa when Mr. Weise was attached to the sheriff's office, deceased had resided on the beautiful ranch overlooking the valley she loved. During that time she formed friendships and ties which endeared her to the county for miles around. Her kindness, sympathy and neighborly acts were legion. The broad hand of charity and help was outstretched to all who needed encouragemnt and counsel. Her home had the latch string ever out and hospitality as dispensed by the late Mrs. Weise was the old fashioned, genuine California hospitality. Surrounded by her family and friends, she delighted in her beautiful home and shared its comforts with all who crossed the threshold.

Tactful, intelligent and well informed, Mrs. Weise became a leader in her community and only recently retired as president of the Glen Ellen Women's Improvement Club. Taking a keen interest in the progress and political life of her native Sonoma county, Mrs. Weise aided her husband in his public life and he ascribed much of his political success to the advice and popularity of the companion of 30 years whose ambition and energy constantly inspired him.

Mrs. Weise was the true friend of education and not only constantly aided the little district school whose flag at half mast attested the grief at her passing, but also was the patron and advocate of higher education, her two sons both finishing high school and the eldest graduating from the law college of the Uuniversity of California.

Sonoma Valley has lost one of its noble women in the passing of Mrs. Weise, one whose personality and character will long be cherished by those who had the good fortune to call her friend.

The funeral took place Wednesday from the family home with high mass following at St. Francis church at 11 a. m. Floral offerings were lavish and beautiful and conveyed the tender messsages of sympathy which the surviving family received from all over California. Interment was in Mountain cemetery.

The solemn high requeim mass, as sung by the choir of St. Rose's church of Santa Rosa, was impressively beautiful. Pall bearers were Harold and Shirley Weise, Ben Behler, Charles Weise, Mayor Charles Dunbar of Santa Rosa, and Frank Luttrell.

Mrs. Hester Ping

Another old Californian was called to eternal rest Saturday when Mrs. Hester Ping, born 69 years ago in Colusa county, died following a long

Sonoma's New Bungalows Now Ready For Inspection

The announcement in another column that the first new Sonoma bungalow to be completed by the Petaluma Development Company has been completed and is ready for inspection will be received with great interest. The bungalow is one of three now building in Monte Vista Park (the old Chase tract).

It is a true Spanish type California bungalow for which M. C. R. Nelsen, the builder for the company, is renowned. The exterior is of stucco finish and the lines appeal to lovers of this popular style of architecture, so appropriate to the Mission city of Sonoma.

The interior is finished in solid mahogany, the walls being in contrasting artistic effect. Electric fixtures are rich and beautiful. The floors are hardwood and plumbing the finest.

To one entering the beautiful little home for the first time the fireplace will have a particular attractiveness. It is of blue and gray tile and adds a colorful note to the living room.

The kitchen and breakfast nook are the latest word in convenience and comfort. Bedrooms are good size, with two windows and ample clothes closets. The garage has not been forgotten.

The workmanship and materials used in these new bungalows are of the finest and no detail has been neglected.

The pretty new homes are to be sold on terms as easy as rent, so it will pay you to inspect them. Home owners, they claim, make the best citizens, and the opportunity is now here for investment in choice property within our city. The public is invited by Mr. Nelsen and his assiciates to visit the first model bungalow just completed.

Harvey Toy First Speeds, Then Pleads

Harvey Toy, genial and energetic state highway commissioner, likes his own roads so well that he was pinched for speeding in Napa last week. Not until he was pinched did Harvey wake up. He was deep in state problems and the gas tax until a watchful road hound grabbed him. Toy explained that he was hastening to keep an appointment with the Governor, but the obdurate guardian of the traffic would accept no excuse, even from so high a mogul as the H. C. In Napa they have a judge well named—Snow. His heart is like his name. It refused to melt for Toy, who paid a fine of $15 (over the telephone). And then Harvey sent a check and warmly thanked Judge Snow. A regular fellow, this Toy.

TRUSTEES PREPARE TO BUY FIRE ENGINE

With the assurance given by Chief Valente that sufficient money would be subscribed for the first payment on a fire engine, the city trustees on Wednesday night advised the city attorney to prepare a call for bids for the desired apparatus.

Representatives of the La France Company and the Pacific Extinguisher Company appeared before the board in behalf of their companies.

The new concrete culvert and cement cross walk between the old high school corner and the Burris property was authorized.

The wooden bridge near the Burris homestead is to be repaired and strengthened.

The Board will meet again in adjourned session Wednesday evening.

SHOULD INCREASE TRAFFIC THIS WAY

Reduction of auto ferry rates from $1 to 65 cents on the Golden Gate ferry and from 75 cents to 55 cents on the Rodeo-Vallejo ferry was ordered by the State Railroad Commission this week.

Reductions were not ordered in the cases of the Northwestern Pacific Ferry Company, the Richmond-San Rafael Ferry Company, the Martinez-Benecia Ferry Company and other ferry companies operating on the bay, but it was indicated that other concerns competing with the two companies affected will have to reduce correspondingly in order to successfully compete.

The reductions ordered are the results of a series of hearings conducted by the commission on its own motion last fall. Rates for passengers in machines were not changed.

WINNERS AT I. O. O. F. CARD PARTY

A pleasant evening was enjoyed by all who attended the I. O. O. F. card party Wednesday. The winners were Miss C. Newman and Neal Dodge, with consolation prizes for Mrs. Hiser and Harry Dunn.

N. W. P. WILL NOT PAY FOR INSTALLING AN ELECTRIC SIGNAL

States Obligation Is With Civic Body Or the County; Motorists Must Use Caution.

Evidently believing that the foolish motorist who has an accident at railroad crossings should pay the rail road company for damages done to its train, the N. W. P. Railroad Company has replied, to a letter written by Secretary Elliot of the Chamber of Commerc as follows:

"Replying to your letter of the fourteenth instant, in which you state that the Board of Directors of the Valley of the Moon Chamber of Commerce have instructed you to ask for the installation of a danger signal at the state highway crossing of our line between Verano and Sonoma.

"As the train service on the Glen Ellen branch, east of Sonoma, is comparatively light, it does not seem that an automatic wig-wag signal is justified at this crossing. The existence of a railroad crossing on a highway is, or should be, sufficient warning to drivers of vehicles to exercise ordinary caution before attempting to cross the track.

However, if the Chamber of Commerce which you represent, in co-operation with the county authorities, desire a wig-wag signal at this crossing and will finance the initial cost thereof, the railroad company would be willing to make the installation and thereafter maintain the signal.

"Yours ruly,

"W. S. PALMER."

The Maxwell crossing referred to has been the scene of several accidents and near-accidents. Since the new state highway has been built the crossing occurs at a bend in the road and is not easily seen by motorists coming toward Sonoma until they are almost upon it.

The new responsibility of motorists who have a mix-up with trains is brought out in the following news item:

"Justice of the Peace Walter Bird of Burlingame on January 18th gave a judgment against Hugh Jamieson of San Mateo to the Southern Pacific Company in the amount of $67.72. This is the result of a suit brought by the Southern Pacific Company on

EL VERANO NEWS

By ARCHIBALD McKIVER

Al Rossi and Carl Weaver, progressive El Veranoites, have taken over the Bay Grove camping grounds at Bodega Bay. The grounds will be fixed up under the new management to cater to summer tourists along the coast, and as both boys are live wires they expect to get their share of the patronage, and invite Sonoma Valley autoists to call in when motoring in the Bodega Bay section. As the season advances the boys will remember their valley friends with products of the beach, such as abalones, fish, crab, and many other species of sea food of this great fishing and pleasure resort section.

The rain this week was welcomed over the state by farmers and stockmen. The rainfall here, measured by Station Agent Gale of the S. P. Company, totaled 3 inches up to Tuesday evening, making a total for the season of 33.62 inches.

Henry Lourdeaux, who has gone into the electrical business at Sonoma, was meeting friends in El Verano Sunday. Mr. Lourdeaux is a thorough business man and should receive his share of the business in Sonoma Valley.

Many summer visitors were in El Verano Sunday from bay cities, enjoying the day and motoring through picturesque Sonoma Valley.

Henry Norrbom and son were Oakland business visitors last week.

Mrs. Charles Cheney returned to her home at Sparks, Nevada, the end of last week, after a pleasant visit in Sonoma City.

An extra train passed over the Santa Rosa branch last Friday spraying poison to kill the weeds along the right of way. The S. P. Company does this every year, saving much labor in killing the weeds and grass.

John Fleming, of Sonoma Vista, was an interested spectator at the Stribblinf-Laughnan fight in San Francisco last Friday. Mr. Fleming enjoyed the bouts and says the arena was packed to full capacity.

Pete Finnegan of New York City an aspirant for championship laurels in the middleweight division, has arrived at Parente's training camp and has been training hard in anticipation of making his debut in a California ring. Finnegan is hard boiled and has met the hard nuts of the Eastern states, winning many battle. The visitor has put himself under the management of Billy Brannon, the little Italian slugger, who in the old days became famous over night when he defeated Ah Wing, thereby winning the championship if China. What Brannon doesn't know of fighting is not worth knowing. Under his watchful eye the newcomer is getting acclimated and rounding into shape to tackle any fighter with a reputation, white or black, in his climb for the middleweight championship.

William Petrie of Hood River, Ore. is visiting here with his relatives on the former Bolin ranch.

A new Cletrak tractor has been purchased by J. Signorelli, the well known vineyardist. The new machine is of the latest type.

Charles Spindler and friends of San Francisco were motor visitors to Sonoma Valley Sunday.

Maffei Brothers, Sonoma Valley's leading butchers, received at El Verano Sunday four carloads of beef cattle, shipped in from the north.

Richard McGill, an N. W. P. mechanic, of Eureka, arrived in El Verano Tuesday to visit his mother who has been ill.

Charles Stevenson, pigeon expert of Lake county, was spending several days at the Waldo pigeon farm. Mr. Waldo has a number of fine birds at his Sonoma Vista ranch and will go into pigeon raising on a large scale.

John Douglas, Sonoma pioneer, was a visitor in El Verano Monday.

Miss Hazel Baines is spending the week with Oakland friends.

A jazz-mania crowd of joy riders from Sonoma Vista, while driving a Paige car at a terrible rate of speed last Sunday evening on Riverside Drive, ran into the ditch near Vincent's former butcher shop. The shrieks of the girl occupants were heard for some distance and a large crowd made its way to the scene of the accident. Luckily, but one of the party was hurt. Billy Kabler of the Annadan Farm picked up the wrecked crew and landed them safely at their Sonoma Vista home. The car was badly damaged.

The school election was held at El Verano school house on Friday of last week. The incumbent who had served for several terms, E. H. Cliff, was opposed by G. Stillings, who won the election. The vote was as follows: Stillings, 16; Cliff, 6; for high school trustee, Merz, 25; Justi, 17. Many of Mr. Cliff's friends, not knowing that he had an opponent, did not go to the polls to vote.

Al Kenny of San Francisco was a visitor in El Verano Sunday.

Marcel Portugal, well known Sonoma hotel man, was transacting business and meeting friends in El Verano last Sunday.

Mrs. L. S. Simmons of Sonoma passed through El Verano Saturday morning, enroute for Oakland, where she spent the week end.

G. A. Verbeck, Sonoma's leading tailor, was an S. P. passenger for Berkeley Sunday, returning home the same evening.

Mr. and Mrs. Fred Jensen spent Sunday in San Francisco with relatives and friends.

Postmaster M. C. Stofen of Sonoma and Postmaster Green of Boyes Springs were in attendance at the get together banquet of Uncle Sam's postal employees in the Occidental Hotel in Santa Rosa last Friday evening, at which time Robert W. Madden, postal inspector, of San Francisco, delivered an address. His talk was on the new postal change in rates which becomes effective April 15th.

GOVERNOR CALLS HALT TO SAVE PEOPLE

That the taxpayers and people come first with Governor Richardson and not officials who want salaries increased was evident through his refusal to sign the bill raising Probation Officer Plover's salary from $2700 to $3600 per year.

Sonoma County regards Mr. Plover highly. We believe he has done good work, but we have never looked on him as a man who elected the kind of public service he gives for the money that was in it. You cannot rate the value of a man like Plover in terms of money. In the light of all the burdens which are shouldered today by the taxpayers it must be apparent even to the probation officer and his friends that the request for a salary raise of $75 per month was ill-advised.

The criminal, incompetent and unfortunate elements in California are costing too much to handle and support today. The normal, thrifty and good citizen gets no where with the call on him, though taxes and direct appeal in this direction.

Such appeals are not without their merit, but there is a limit and must be a limit. Rare is the politician who will act as a barrier between those who ask more and more to "carry on" and the people who must pay the bills. It is so unusual for a man like Governor Richardson, having stamina, courage and sense of justice to take the firm stand he does, that politicians and all the waiting list of "gimmes" stand aghast.

The Governor is no politician. He is just a man and taxpayer who is regarding the rights of other men and women who have to work hard and are called on to dig up money, money and more money. Richardson is not doing what he is to save pennies, but to save people, as President Coolidge so ably expressed it in the recent inaugural address.

SAN FRANCISCO READY FOR NAVAL SPECTACLE

Forty thousand sailor men manning 145 ships of the United States navy will be in San Francisco April 5th to 15th as part of the largest and most spectacular peace time mobilization of fighting craft ever staged in an American port.

On April 5th the combined Atlantic and Pacific fleets under command of Admiral Robert E. Coontz, will steam through the Golden Gate to an anchorage in San Francisco harbor. The procession into the bay will be a spectacle of thrilling interest. There will be an equally inspiring picture 10 days later when the great armada puts to sea in battle array, bound for the Hawaiian Islands and Australasia.

In the meantime San Francisco and the visitors expected here from every part of the West will have a rare chance to make the acquaintance of their navy in all its modern variety. It will be a strictly up to date fleet. It will include battleships that represent the last word in fighting efficiency, armored cruisers, light cruisers, destroyers, submarines, mine layers, mine sweepers, aircraft tenders, aircraft carriers, seaplanes, fuel ships, repair ships, transports and a hospital ship.

Facilities will be provided for visitors to witness the arrival and departure of the fleet, to visit the ships, which will be open o the public at stated hours, to see he great shore parade in which 10,000 officers and men of the navy and marine corps will take part and to joi nin the general festivities which have bee arranged for the entertainment of the fleet's personnel.

Schools in many parts of the state will be closed to give the youngsters a chance to go to San Francisco to see the American navy with its fighting clothes on.

Special rates to San Francisco have been put into effect by the Southern Pacific for the period of the fleet's visit and, according to advices received by Passenger Traffic Manager, J. H. R. Parsons, from his district agents, San Francisco's hills are going to be crowded as never before when the fleet comes in. Municipal authorities and commercial organizations are working together on the plans for the big time and the assurance is given that San Francisco can take care of all that come, and that hotels and restaurants will follow their established custom of maintaining regular rates.

"Coming events cast their shadows before." The Seniors have ordered their announcement cards.

On every hand the same cry: "Oh, didn't I take awful in that picture."

The first issue of the Sonoma Hi Bi-Weekly Progress, the new school paper, came out in time. Who knows we might yet be in competition with the local newspapers.

Owing to the small attendance at the last Civic Club meeting, the business meeing was adjourned and a "feed" served instead.

There is a possibility that we may yet develop some tennis sharks in the school. The county grader has been working on the ground and getting it in condition for dirt tennis courts. Now students will not have to work themselves to the point of utter exhaustion walking over to the old high school to play tennis.

The school trustees have declared a vacation for the week preceding Easter. Thanks, trustees!

During the vacation week Mr. Golton will attend the convention of high school principals. The supposition is that he is attending in order to obtain inspiration for new forms of punishment.

Noon luncheons are prepared quite often by the domestic science pupils, among them the Friday luncheon for the Board of Control and the Wednesday lunch for the teachers' meeting. The purpose of these meetings is to build a better spirit of co-operation and service in the school.

Enrollment to date in Sonoma Hi totals 190 students.

APRIL FOOLS' RAID AT RESORT YIELDS BEER

Sheriff John Boyes and his eagle eyed deputies swooped down on Sonoma resorts on April 1st.

Their little joke was not appreciated at Oak Grove, where the raiding party went through the picturesque family resort and uncovered some good beer, said to have been above the alcoholic content permitted under present prohibition laws. Two cases and fifteen bottles of the brew were taken as evidence and the sheriff's party also seized several barrels of wine and some bottled white wine as evidence.

Henry Koerner, proprietor of Oak Grove, who recently returned from abroad, lies sick in a hospital in San Francisco, but his wife, who was on the premises, bore the brunt of the raiders activities and will appear in the justice court at Santa Rosa to explain the presence of the wet goods in this legally dry land, where wine and beer are now verboten.

illness. Mrs. Ping had been a resident of Glen Ellen for 30 years and leaves her husband, William Ping, whom she married in 1875, and four daughters to mourn her passing.

She was a charter member of the Glen Ellen Women's Improvement Club and one of its dependable and beloved workers. She was also prominent in church circles and was a practical Christian in every sense. Patient, kindly and cheerful, Mrs. Ping was an ideal wife and mother, willing and anxious at all times to make sacrifices for her family and for anyone who was in real trouble or need. Her home was the gathering place of friends and neighbors throughout the years and was also the mecca for the children and grandchildren, who brightened and cheered her declining days.

Surviving daughters are Mrs. Richard Barry of San Francisco; Mrs. C. H. Rankin, of Glen Ellen; Mrs. R.Lee of San Francisco, and Mrs. Heselschwerdt of Sausalito. Her husband, William Ping, shares with the daughters the sympathy of many friends, who mourn the passing of this good woman.

Rev. Mr. Youngman officiated at the funeral services held Tuesday from the Congregational church, with interment later in I. O. O. F. cemetery in Santa Rosa. Floral offerings were most beautiful.

WILL WIDEN HIGHWAY IN SONOMA COUNTY

Following a meeting recently in Sacramento of the California Highway Commission, Chairman Harvey M. Toy announced that a definite decision had been reached by the commission to expend the $300,000 gasoline tax funds, alloted to Sonoma county, for widening and thickening work on the Redwood Highway between Santa Rosa and Healdsburg.

Relying on promises of the Boa. of Supervisors and civic organizations that necessary rights of way for the straightening of sections of the highway will be provided, the commission authorized the state highway engineer to complete plans and specifications and advertise for bids for approximately 13.6 miles of work to be done during the 1925 season.

Following recent heavy rains, sections of the old 15 foot pavement in Sonoma county, completed a number of years ago, have been deteriorating rapidly and it was difficult for the commission's engineers to decide just where the available funds could best be expended, Toy said.

A section of the highway, immediately south of Healdsburg, will be widened and thickened. In other places the present alignment will be improved by the elimination of several curves. Bids will be asked as soon as the final plans are ready, in an effort to get the work under way at an early date.

The condition of the pavement was such that the commission hoped to complete some of the work during 1924, Toy explained, but the need for reconstruction elsewhere was so great that the project had to be postponed.

Mr. and Mrs. Oliver Maffei entertained a few friends Sunday evening in honor of Mr. Maffei's birthday.

Mr. and Mrs. Dan Arena and children of Oakland were here Sunday to visit Mrs. Arena's brother, S. A. Robinson, and family.

FAREWELL TO MR. AND MRS. FRITZCHEN

The community spirit of Sonoma Vista was again in evidence on Friday night of last week at a surprise farewell party and banquet tendered by the ladies' auxiliary of the Sonoma Vista Improvement Club to Mr. and Mrs. Charles Fritzchen on the eve of their departure for a new home in Palo Alto.

After a pleasant hour or so of whist and conversation the tables were arranged in a long row diagonally across the spacious club room and loaded with those good things which the ladies of this favored community so well know how to prepare. At the close of the feast followed a scene long to be remembered, as, one after another, the members present, at the requst of the toastmaster, President Beach, not in the polished phrases of the practiced speaker, but in the truer eloquence of the heart, paid tribute to the sterling qualities of a respected citizen and beloved neighbor.

A beautiful framed picture, a gift from the ladies' auxiliary, was presented to Mrs. Fritzchen to be hung on the walls of her new home as a perpetual reminder of her friends in Sonoma Vista.

Music, singing and dancing filled the remaining hours, a Dutch character song by Mr. and Mrs. M. M. Daubin of Boyes Springs receiving the hearty applause of the audience. At a late hour the party dispersed with the wish in many hearts that a similar pary might be held in the future to welcome our wandering citizens home again.
